

Retail Trends for the Gardening Industry

with garden centre expert
and consultant, **Bob McCannell**

**Join Landscape Ontario for a special presentation
to be held in conjunction with the Annual Growers Auction**

**September 14, 11:00 a.m.
at Canadale Nurseries in St. Thomas
269 Sunset Drive**

It all starts with the consumer and their dream of an outdoor haven, or a piece of paradise in their own back yard. The consumer dream is driving nursery production, garden centre sales, and landscape construction projects. What is today's consumer looking for? What are the trends? All sectors of the landscape industry will benefit from knowing. Don't miss your chance to hear from an industry expert. Bob McCannell has recently retired from his duties at Terra Nurseries and will share his views on the retail and consumer challenges facing our industry.

Please RSVP to Landscape Ontario
The seminar is free, but please RSVP so that
we can ensure enough seating for everyone
