

The Minister of the Environment introduced the **Cosmetic Pesticides Ban Act** in the Legislature of Ontario on April 22, 2008. The Bill contains provisions that would ban the use and sale of certain prescribed pesticides in Ontario. The Bill also contains proposed regulation making authority for the Lieutenant Governor in Council to make regulations prescribing pesticides to which the use and sale bans contained in the Bill would apply. Accordingly, if the Bill is enacted, a regulation may be made prescribing such pesticides. The Ministry of the Environment has prepared the lists of pesticides to provide information and promote discussion about the types of pesticides that could be prescribed for the sale and the use bans.

The following table lists proposed domestic products, which include fertilizer-pesticide mixtures, herbicides, fungicides, insecticides and other product types that may be used for cosmetic purposes. The proposed list is intended to generate discussion about the development of a final list of prescribed pesticides for the proposed sale prohibition.

REG#	PRODUCT NAME	A.I. CODE	ACTIVE INGREDIENT
<b>FERTILIZER – PESTICIDE MIXTURES</b>			
800278C	PROTURF FF II TURF FERTILIZER 14:3:3 WITH 15.4% QUINTOZENE	QTZ	QUINTOZENE
900028C	AERO GREEN 10-6-4 WEED & FEED WITH KILLEX	DXB	2,4-D PRESENT AS AMINE SALTS (DIMETHYLAMINE SALT, DIETHANOLAMINE SALT, OR OTHER AMINE SALTS)
