What is
Green for Life?

Why should I use a
Landscape Ontario
Green for Life
member company?

Over 2,000 companies
inspiring your outdoor living...

What is Green for Life?

Green for Life is a program from Landscape Ontario Horticultural Trades Association, a group of green industry businesses working together to promote the joys and benefits of plants and landscapes.

Our member companies are experts in their fields: landscape contractors, garden retailers, landscape designers and more. Our priority is to ensure that you enjoy good experiences when you deal with member companies. We find the best way to achieve this goal is through competence, integrity and fairness. Our success is tied to your satisfaction with our work.

In addition, Landscape Ontario Green for Life members believe in environmental stewardship. Plants form the green industry's foundation, and they create oxygen and cool the Earth – plants are unique in actually *improving* our environment!

Experts from Green for Life companies can help you do your part for a greener world. On top of the environmental benefits, investment in green enhances your property value and draws your family together – outdoors.

Landscape Ontario, with Green for Life!

Why should I use a Landscape Ontario Green for Life member company?

Because our members lead the green industry in providing quality and value. Commitment to high ethical standards is part of membership, and references and job reviews are required for some business categories. Landscape Ontario members strive to elevate the green industry to benefit homeowners and the trade alike.

Green for Life is one indicator of members' commitment to working together. Another is **www.landscapentario.com**.

Use the site to find members in your area, and view member profiles containing detailed information and photos from member companies. See more about the site on the last page of this brochure.

Shop at a Green for Life garden centre, or hire a Green for Life contractor, and know you are doing business with the best.
