## How to read the sample Matrix and sample candidate time card

The candidate # is 1

According to the matrix you can see that candidate #1 is scheduled for all Ornamental Maintenance tests and 2 written re-tests.

You can match up the matrix with the time card and see which tests will be done at what time.

When you arrive for your hands on test day, you too will receive documents that look like this. You will have all your tests outlined on the time card and this will match with what you will test at what time on the matrix.

We have plenty of staff at the event and will be able to answer any questions on test day.

Just remember, SAFETY is a very high priority on test day, and on your job sites.

Good luck!
